POWER CENTER PLUS

3 MODE SURGE & SPIKE PROTECTOR

POWER PROTECTION

PP145C

5 OUTLETS, STEEL

• Features:

- 3 Mode EMI/RFI/Surge/Spike protection
- Integral solid state line conditioning circuitry
- Each peripheral can be powered up individually
- One year warranty, 6ft heavy duty line cord, 14AWG
- UL listed, meets 1449, CSA, Five 3-wire grounded outlets
- Heavy duty steel case, beige baked enamel finish
- Outlets conveniently labeled to match switches
- Master switch controls power to all outlets

CONVENIENT,
LIGHTED INDIVIDUAL
& MASTER CONTROL
SWITCH AT
YOUR DESKTOP!

SPECIFICATIONS

Rating - 60Hz/115vAC/15a (1875 Watts)
Maximum Surge Voltage - 6000 Volts • Maximum Spike Current - 4500amps-25°C
Energy Dissipation - 180J(60J x 3 One Time) • 25J Repeated Usage, Self Restoring
Maximum Clamping Voltage - <330Volts • Maximum Clamping Ratio - <2.03:1
Response Time - <1 nanosecond • Temperature Range - -25°C to +80°C
Voice Rejection - 150KHz-30MHz • Attenuation - 5-37dB Continuous Duty
Model Noise Protector - Normal and Common • Dielectric Test - 3000vAc 60 seconds
